Service to your discipline (please be specific)

Helping to organize all college events (please specify)

Service on all-college scholarship committees

---

NOT SURE WHAT TO DO WITH THESE QUESTIONS

What are the actual patterns of service?

What do faculty think the patterns should be?

What tradeoffs are faculty willing to make? (between types of service; between service, scholarship and teaching; between control/responsibility and less control/responsibility)

Do the beliefs of faculty jibe with how the system works (eg, CAPT rewards service to UWW)?
